## Privacy policy

We take the protection of your privacy very seriously. To create an individual vision profile, Vivior anonymously determines your visual behavior.

For this purpose, the following information is measured using sensor technology:

- Distances - distances to objects in your field of view
- Lighting conditions - including blue light and UV light
- Head position and head movements

The Vivior Monitor Mark 3 contains:

**No microphone**

**No tracking**

**No camera**

**No wireless  
transmission**

All data is securely encrypted on the device and stored on the Vivior server under the Swiss Alps. They can also be deleted at any time at your request.

We guarantee that.
